## Flexibility for your customers

The Green Eye Alert offers the PCO three service options to customize the needs of their customers.

### Monitoring Service

30 day  
60 day  
90day

- Annual out of ground checks to insure correct function of the alert.
- Provide a refrigerator magnet for follow up calls.

### Maintenance Service

6 month maintenance program

- Customer monitors alerts
- PCO at 6 month intervals will perform an out of ground inspection of the CTA looking for faulty units due to damage, decay, or termite infestation.
- PCO will replace CTA and bill the customer for the replacement and service.
- Provide a refrigerator magnet for follow up calls.

### Home Owner Monitoring

- For customers who still need termite protection, but want to eliminate monitoring fees.
- Make the sale on installation of stations.
- Wait for a phone call if the customer requires maintenance or has a termite infestation.
- Provide a refrigerator magnet for follow up calls.

Using one of these three service options you will be able to offer your customers protection they can't afford to pass up. By adding your pricing to our plans you will create a solid termite business plan.
